

# Spike's Daily Activity

Friday 3rd April 2020

#SpikeDinosAdventures

Welcome to Spike Dino's daily post for children learning from home.

## CHAIRS; Mayors chair

Spike is sitting in a chair that was once owned and used by the Mayors of Maidstone. A Mayor is someone who is elected or chosen to lead the council of a town. This chair is made from oak and is very flamboyant and showy. The designs are quite masculine, quite heavy and not delicate. The design includes the Maidstone coat of arms carved to the back. The person who sat in this would feel very grand and important. Spike didn't find it very comfortable for long.

**Activity;** Choose a book or magazine and choose your favourite chair in your house— somewhere comfy and cosy. End the week by curling up and enjoying a good read. You may want to do this on your own, or curl up and read to or with someone at home.

Here's a bookmark to cut out and keep.
