

Make your own Paper Plate Face

Step 1. Gather your materials. You will need a paper plate, the eyes, nose and mouth pages, scissors, glue and coloured pens/pencils.

Step 2. Decide which face features you would like, cut them out and stick them on the paper plate.

Step 3. Use the colouring pens and pencils to add extra details to the face.

Step 4. You have finished your paper plate face, don't forget to share what you have created with us **#SpikeDinosAdventures**
