Make your own Hatching Dino Egg

Step 1. Gather your materials you will need, white card x2, glue, coloured pens and scissors.

Step 2. Draw a dinosaur egg on one piece of card, draw a jagged line along the top then cut around all line, see picture.

Step 3. Now draw a dinosaur on the other piece of card, make sure that the dinosaur is smaller than your egg. Then colour it in and cut it out.

Step 4. Cut a strip of card a bit longer that the width of the dino egg. Then stick to the back, see picture.

Make your own Hatching Dino Egg

Step 5. Cut a wide strip of card to attach to the top of the dino egg, see picture.

Step 6. Stick the dinosaur to the strip of card.

Step7. Slide the dinosaur into the back of the egg.

Step 8. You have finished your Dinosaur Egg, don't forget to share what you have created with us **#SpikeDinosAdventures**
