Make your own Dreamcatcher
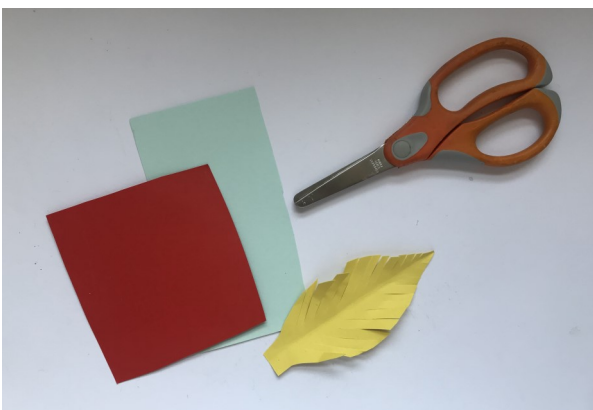

Step 1. Gather your materials. You will need a paper plate, scissors, coloured pens, wool, coloured paper and a hole punch.

Step 2. Cut out the centre of the paper plate to create a ring. Then use the hole punch to make holes all the way around.

Step 3. Use the wool to thread through the holes to create a web. Then use the coloured pens to decorate around the edge.

Step 4. Use the coloured paper to create some paper feathers.

Make your own Dreamcatcher

Step 5. Punch three holes at the bottom of the dreamcatcher. Then attach a piece of wool to each hole with the feather attached to the end.

Step 6. Add a piece of wool to the top so you are able to hang it up.

Step 7. You have finished your dreamcatcher. Don't forget to share what you have created with us **#SpikeDinosAdventures**
