

# Make your own Paper Boat

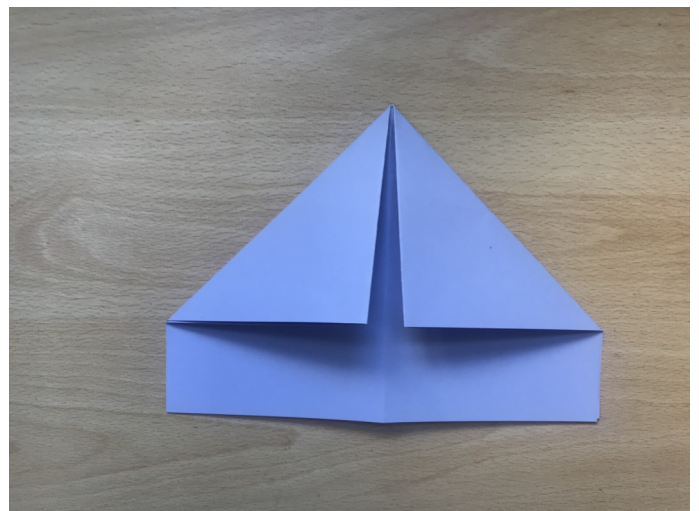

Fold sheet of paper long ways

Then fold sheet of paper the short way

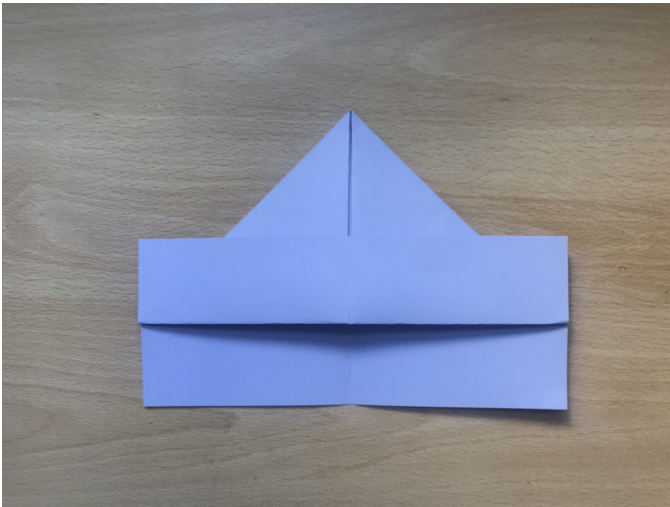

Rotate the paper so that the fold is at the top.

Fold each corner down to the middle, see picture.

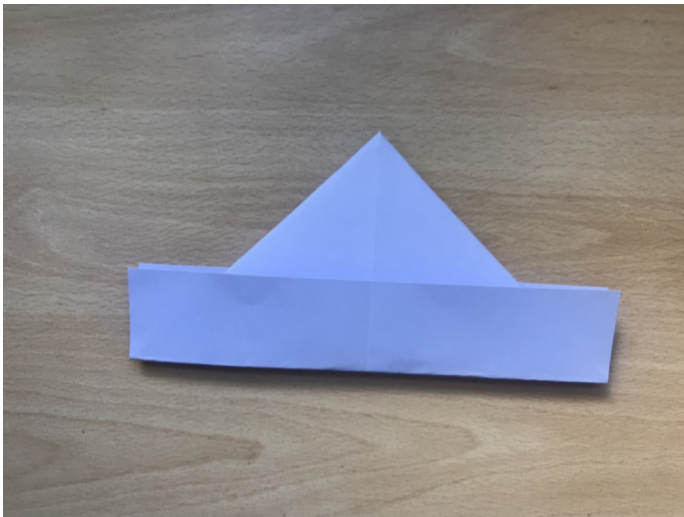

# Make your own Paper Boat

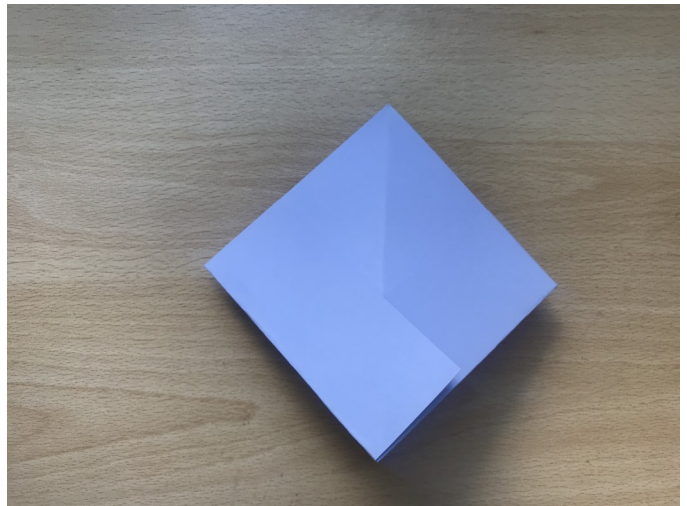

Fold one of the bottom piece up.

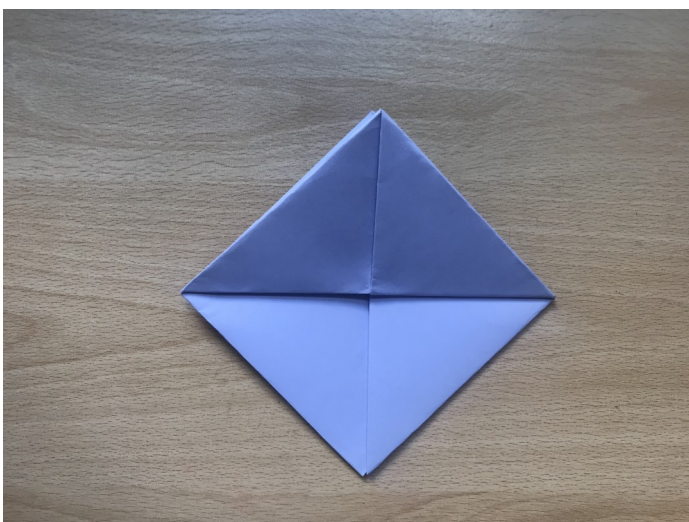

Turn paper over and fold down the corners, see picture.

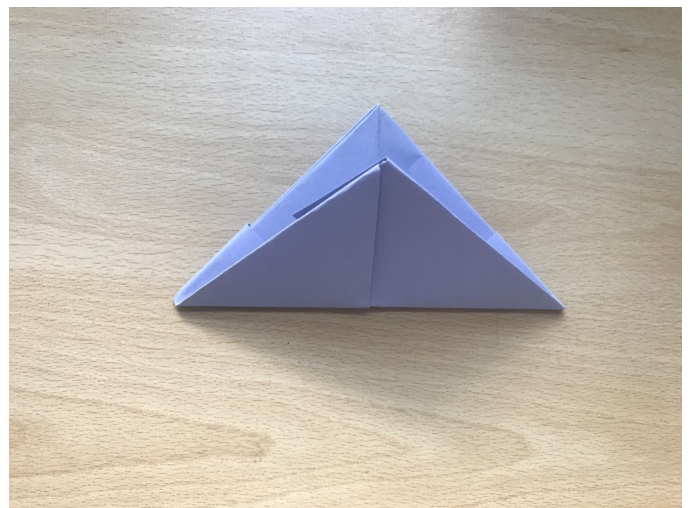

Fold the other bottom piece up.

Place your thumbs into the opening at the bottom. Slowly pull your thumbs apart from one another, pulling apart the paper as you go. Then flatten like in the picture.

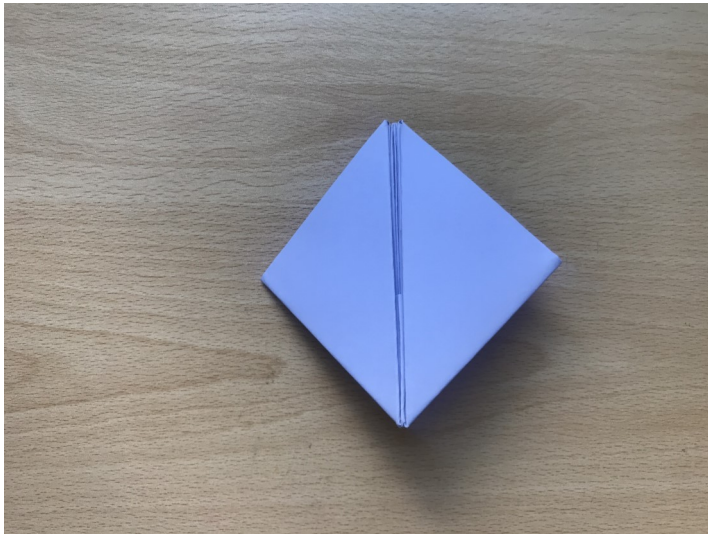

Take the bottom point and then fold it up to the top.

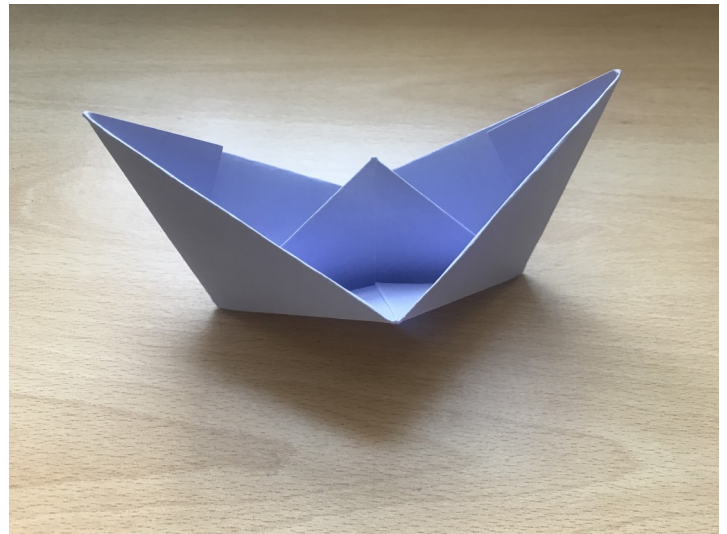

Turn the paper over and then fold the other point up to the top.

## Make your own Paper Boat

Place your thumbs into the opening at the bottom. Again, slowly pull your thumbs apart from one another, pulling apart the paper as you go.. Then flatten, see picture.

At the top point, pull apart the 2 sides of folded paper. As you pull it apart, it should open up into a boat shape, as shown in the photo.
