

# Make your own Roman Helmet

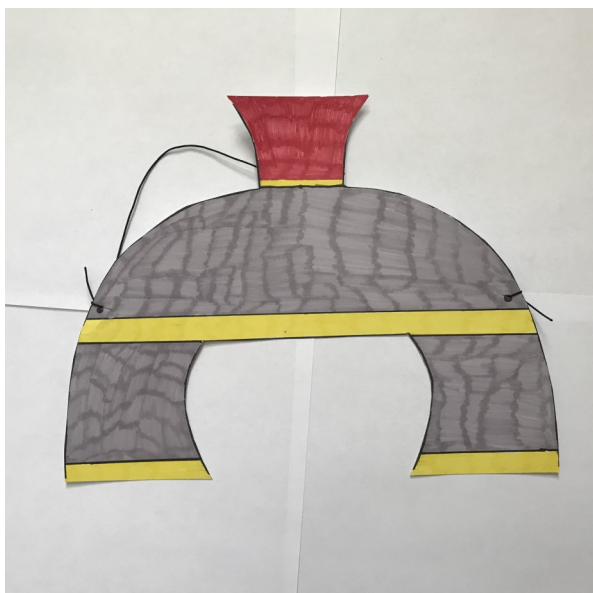

**Step 1.** Gather your materials, you will need, the roman helmet—print on card or stick paper copy onto card., colouring pens/pencils and elastic.

**Step 2.** Use the pens to colour in the helmet however you would like. Cut out your coloured helmet.

**Step 3.** Attach the elastic to each hole on the sides. Now you can wear your helmet.

Don't forget to share what you have created with us
