

# Make your own Egg Box Fish

**Step 1.** Gather your materials. You will need an egg box, scissors, glue black pen, tissue paper, small button, 2 small white pompoms, paint to match your tissue.

**Step 2.** Cut out a middle egg cup from the box. You need it to have 3 gaps for fins. Cut it round to neaten it up.

**Step 3.** Turn the egg cup section over and paint the outside. Leave to dry.

# Make your own Egg Box Fish

**Step 4.** Take a rectangle of tissue paper and cut it as shown.

**Step 5.** Scrunch the pieces of tissue paper from the middle. These will become the fishes fins.

**Step 6.** Turn the egg cup section over and glue the fins into the slits as shown - the smaller fins at the sides and the larger one at the end, for the tail fin.

# Make your own Egg Box Fish

**Step 7.** Drawn black dots on you little white pompoms and stick onto the face of your fish. Stick the button on for the mouth.

Your fish is complete. Why not make a shoal of fish in different colours. You could even make their bodies and fins in contrasting colours. Have fun.

**Why not share your fish with us tagging #SpikeDinosAdventures or emailing us at [museumeducation@maidstone.gov.uk](mailto:museumeducation@maidstone.gov.uk)**
