MUSEUMS; Maidstone Museum Model

Spike is interested in the model of Maidstone Museum in the Great Hall. It makes him feel really big. He wonders how small the people would be exploring the museum. And how tiny the objects inside would be. He likes looking at the smallest objects that are in the museum and took some pictures of some of them to share.

Bees

Amulets

Trench Art

Anglo Saxon Coins

Spike likes small things and thought it would be fun to make his own 'Museum of Small Things'. So far he has collected 11 objects to put in his 'museum', and has space to add more throughout the week.

Activity ; Make your own 'Museum of Small Things'. Use a shoebox or tray, or cut open a cereal box to display your objects in. You may want to collect objects that all go together, or have your favourite small objects displayed.

Why not include labels saying what the object is and why you've 'collected' it. It would be great to see your 'Museums'. Share your pictures tagging @MaidstoneMuseum and #SpikeDinosAdventures or by emailing museumeducation@maidstone.gov.uk
