

Toys through Time

We have created a series of pages based on the Toy Emporium Display. (see pic below) As well as the information here there are short videos to go with a very popular toy. Our information is aimed at Key stage 1 children so is short and easy to read - but remember this is about interesting you in the topic, it's not the whole history of Toys!

We've tried to include as many toys as we can from this case. But we couldn't squeeze them all in!

We have laid our pages out as fact file style pages, and we've left you space to add your own information too. There are a couple of activity pages too.

And there also are two crafts included in this pack.

Have Fun!

Spike's Toy Fact File; Cars/Vehicles

Clockwork Alpha Romeo Racing Car

Age; made in 1929

Spike's Toy Sorting Activity

Find toys to go in each box. You could look at the toys in this pack or use your own toys.

Toys made of wood

Toys made of plastic

Toys made of metal

Toys made of fabric

My Favourite Toy

Choose your favourite toy from home and fill in the boxes below. Then choose a favourite toy from the museum and do the same.

My favourite toy is _____.

It is made from _____.

It is _____ years old.

I got it from _____.

Now draw your toy below

My favourite museum toy is _____.

It is made from _____.

It is _____ years old.

Now draw your toy below

Make your own Frog Cup and Ball

Step 1. Gather your materials, you will need a toilet roll tube, scissors, sticky tape, glue, string, card and coloured pens.

Step 2. Use the pens to colour in the toilet roll, then use the tape to tape one end together. See picture.

Step 3. Cut out some eyes, legs and arms from the card, then colour them in. Use the glue to attach the eyes and the tape for the arms and legs.

Step 4. Make a fly out of the card and colour it in, then use the tape to attach the fly to the string.

Make your own Frog Cup and Ball

Step 5. Use some tape to attach the end of the string inside the frog's mouth.

You have finished your frog cup and ball. Don't forget to share with us what you have created

#SpikeDinosAdventures

Make your own Ring Toss Game

Step 1. Gather your materials. You will need 5 paper plates, scissors, sticky tape, coloured pens and a long cardboard tube.

Step 2. Cut the centre out of 4 of the plates to turn them into the rings, then use the pens to colour them in.

Step 3. Use the scissors to cut strips into the cardboard tube, about 5 cm long. Then fold them out as you see in the picture.

Step 4. Use the sticky tape to attach the cardboard tube to the paper plate you have left.

Make your own Ring Toss Game

Step 5. you have finished your ring toss game, we've used 4 paper plates so that 2 people can have 2 each but you can use as many as you would like.

Don't forget to share what you have created with us
